1. God is the Greatest! Praise be to God! There is no strength or power except in God.
2. O God! Verily I ask You to grant me the good of this month, and I take refuge in You from the evil of the [Day of] the Gathering.
3. God is the Greatest! O God! Let this crescent moon shine upon us with prosperity, faith, safety, Islam, and success in what You love and what pleases You! (Addressing the moon): My Lord and Your Lord is God, O crescent of goodness and guidance! (3 times)
4. O God! I ask You of the good of this month, and the good that destiny brings, and I seek refuge in You from the evil it may bring. (3 times)
5. O God! Let [this new moon] rise upon us with security, faith, well-being, Islam, the good pleasure of the All-Merciful, and protection from Satan!
